

Teaching note — marking words the McGuffey way

McGuffey's revised Readers printed marks so a student could **sound a word out** instead of memorising its shape. These cards are plain on purpose — mark them by hand, in front of your student, as you teach each word.

How to use them. Hold up a card and have your student sound it out, then **write it three times in a row** while saying each sound. Work the stack through the week. On the last day, print the **Weekly Spelling Test** and read the words aloud to test what stuck.
